**Report on Number Funded to Serve and  
Prior Experience Standard Objectives for 2010-11 Project Year**

---

---

The following information reflects the approved funded number of participants to be served and the project objectives for your project for this grant award cycle (2010 – 2015). This information was retrieved from the approved *“Student Support Services Program Profile”* of the application package as provided by the project.

**Number Funded to Serve:**

In 2010-11, this project is funded to serve **285** participants.

**Sector of Grantee Institution:**

C: Public 2-Year

**Prior Experience Objective(s):**

A. 2010-11 Persistence Rate: **60%** of all participants served by the SSS project will persist from one academic year to the beginning of the next academic year or graduate and/or transfer from a 2-year to a 4-year institution during the academic year.

B. 2010-11 Good Academic Standing Rate: **80%** of all enrolled participants served by the SSS project will meet the performance level required to stay in good academic standing at the grantee institution.

C. Graduation and Transfer Rates (2-year institutions only):

1. **35%** of 2007-08 new participants served will graduate with an associate’s degree or certificate within four (4) years,

AND

2. **15%** of 2007-08 new participants served will transfer from a 2-year to a 4-year institution with an associate’s degree or certificate within four (4) years.

*Note: A new participant is an individual who was served by the SSS project for the **first time** in the project year under consideration and who meets the definition of a participant as specified in 34 CFR 646.7(c) of the SSS program regulations.*

**Note:** The Department reserves the right to request modified measurement objectives for those projects that serve “different populations” to measure the progress of the specific subgroup designated in the project application after the grant award has been made.

**Funded Rate and Eligibility Status Table and  
Current Participants Report**

2010-11 Funded Rate and Eligibility Table

The table below provides information on the: (a) number and percent of participants funded to serve and served and (b) number and percent of participants served who were low-income and first-generation, students with disabilities (including disabled students who were also low income), and if applicable, (c) number and percent of all disabled students who were also low-income. As noted below, the one-third eligibility requirement only applies if the project served at least one disabled student.

The information provided in the section “**Number of Participants Funded to Serve & Served**” is based on serving at least as many participants (i.e., 100%) were served as the project was funded to serve.

The information provided in the section “**2/3 Eligibility Requirement: First-generation and low-income, and/or students w/disabilities including students with disabilities who are also low-income**” is based on the project meeting the two-thirds eligibility requirement (i.e., 66% or greater). To determine whether your project met this requirement, the column: “Number first-generation and low-income, and/or disabled including disabled who are also low-income” was divided by the column: “Number of Current Participants Served.”

The information provided in the section “**1/3 Eligibility Requirement: Disabled students w/disabilities who are low-income**” is based on the project meeting the one-third disabled and low-income requirement (i.e., 33% or greater). This requirement is only applicable for projects that served disabled students; therefore, if any disabled students were served at least one-third must also be low-income. To determine whether your project met this requirement, the column: “Number of students w/disabilities who are also low-income” was divided by the column: “Number of students w/disabilities (including disabled and low-income)”.

Please review the information contained in the table below. If your project did not meet the requirements mentioned above, please verify that the participant and eligibility status codes for each current participant for whom you provided information are correct. Your "current participants", are coded in field 22 as a 1, 2, 8, or 9.

Funded Rate and Eligibility Status Table							
Number of Participants Funded to Serve & Served			2/3 Eligibility Requirement: First-generation and low-income, and/or students w/disabilities including students with disabilities who are also low-income		1/3 Eligibility Requirement: Disabled students w/disabilities who are low-income*		
Number Funded to Serve	Number of Current Participants Served	Percent Served	Number of first-generation and low-income, and/or disabled including disabled who are also low-income	2/3 Eligibility Percent	Number of students w/disabilities (including disabled and low-income)	Number of students w/disabilities who are also low-income	1/3 Eligibility Percent
285	285	100%	200	70%	5	5	100%

\*The requirement only applies if at least one disabled student was served. If no disabled students were served, then the requirement does not apply.

## 2010-11 Current Participants and Eligibility Status Report

The report below provides a list of your new, continuing, new (summer only) and reentry participants who received project services (1, 2, 8, or 9) along with the participant's eligibility status and student's cohort year.

- Your current participants are derived from field #22, Participant Status, and are coded as follows:
  - 1 = New participant (for this reporting period; part of the 2010-11 cohort)
  - 2 = Continuing participant
  - 8 = New Summer participant—Earned College Credits (2011 summer session only; part of 2011-12 cohort)
  - 9 = New Summer participant—**Did not** Earn College Credits (2011 summer session only; part of 2011-12 cohort)
- The eligibility status codes are derived from field #15 and are:
  - 1 = Low-Income and First-Generation,
  - 2 = Low Income Only,
  - 3 = First-Generation Only,
  - 4 = Disabled, and
  - 5 = Disabled and Low Income.
- The student's cohort year codes are derived from field #21 and are:
  - 1 = Other(prior to 2005-06)
  - 7 = 2005-06
  - 8 = 2006-07
  - 9 = 2007-08
  - 10 = 2008-09
  - 11 = 2009-10
  - 12 = 2010-11
  - 13 = 2011-12
  - 0 = Unknown

Please review the information carefully and

- verify the participant and eligibility status codes are correct.
- verify that all students reported as current participants (1, 2, 8, or 9) were actually served during this reporting period.
- verify that you correctly updated the participant status field for all participants served in a previous reporting period.
- provide an explanation if you did not meet the number of participants funded to serve.

### Critical Fields Verification Report

---

---

The Department has identified the following eight fields as critical in calculating project and program outcomes and wants to ensure a minimal number of "No Response/Unknown" entries in each field. In most cases, "No Response/Unknown" is a valid response; however, high percentages of these responses are not in the project's best interests. The table below lists the critical fields and the number and percentage of participants with a "No Response/Unknown" entry in that field. If you have critical fields with a high percentage of "No response/Unknown", we recommend correcting the data offline and uploading the corrected file.

You have 541 participant records.

Field No.	Field Name	Number with No Response/Unknown	Percent
7.	DOB	0 records	0%
22.	Participant Status	0 records	0%
23.	Enrollment Status (at end of the 2010-11 academic year)	0 records	0%
24.	Academic Standing	0 records	0%
30.	Transfers	0 records	0%
31.	Degree/Certificate Completed	0 records	0%
32.	Date of Undergraduate Degree/Certificate	0 records	0%
34.	Persistence status (at the beginning of 2011-12 academic year)	0 records	0%
